| New York Times bestselling author Dale Brown goes beyond the headlines in this high-tech, high-tension military thriller in which a resurgent Russia enflames sectarian unrest and violence in Ukraine and Poland, setting off a stealth robotic war and escalating an international crisis.                                                                                                                                                                                                                                                                |                          |               |
| <b>THE LAST VICTIM</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | <b>by Kevin O'Brien</b>  | <b>\$9.99</b> |
| Alpha male, Brad Corrigan, is running for state Senate with the help of his twin sister Bridget. However, the twins have a deep dark secret from high school that they share with a few other students that will doom his campaign if it is ever made public.                                                                                                                                                                                                                                                                                               |                          |               |

| In 1863, a secret meeting takes place between legendary war leaders. Their mission is to bring back the remnants of pre-history's greatest ship which may lie atop a mountain inside the fierce Ottoman Empire. In 2007, America's darkest agency, the Event Group, was tasked by the President to return a famous former astronaut on a mission to find Noah's Ark. It will be up to the Director of Security at Department 5656, Major Jack Collins and his team to rescue the expedition from forces that will kill to keep the artifacts inside Turkey. |                          |               |

**SILENCED IN THE SURF**

by **Kate Dyer-Seeley**

**\$7.99**

Hood River in the Columbia River Gorge is the wind surfing capital of the world, and reporter Meg Reed is stoked to cover the King of the Hook event for Portland's Northwest Extreme magazine. Before the competition gets under way, Meg has a chance to try some wind surfing on her own. But when the current sweeps her down river, she spots a body snagged on the rocks.

**TRIAL OF INTENTIONS**

by **Peter Orullian**

**\$9.99**

The gods who created this world have abandoned it. In their mercy, however, they chained the rogue god--and the monstrous creatures he created to plague mortalkind--in the vast and inhospitable wasteland of the Bourne. The magical Veil that contains them has protected humankind for millennia and the monsters are little more than tales told to frighten children. But the Veil has become weak and creatures of Nightmare have come through.
